The Newspaper.

The newspaper is the helper of the church and the school, of religion, science, literature, art, industry agriculture—of everything which concerns the good of society and the State. It is the very prop and stay of charity and public spirit; the most potent enemy of public wrong and injustice; and it must be necessary, as it is but public sentiment reflected in type.

The newspaper depends for its success upon popular favor by running on parallel lines with public morality. The newspaper press is generally as high in morality and intelligence as the public conscience and mind—higher than it can ever be permanently, and it must be what society demands it shall be. As a matter of fact it frequently runs ahead, temporarily, of public morality; it often creates the public sentiment that destroys public wrongs; it often secures justice by proclaiming the injustice. —Philadelphia Telegraph.

Christmas can be Cheap.

Cagwin & Noteware have commenced to get their goods in from San Francisco and they are the very best the city contains. They will have an extra large stock when it all arrives and as it appears in such large quantities it is necessary to sell cheap that room may be made for the regular articles that are needed all the year round.

You can all go with a reasonable amount of money and bring away a bundle of presents for your little children and your best girl.

Now is the time to price goods and secure the benefits coming from a well selected stock.

In early days the advent of a minister into a mining camp, his going into a saloon and preaching a sermon while standing on a card table was a common occurrence. It remained for Empire, last Tuesday evening, to have somewhat of a similar experience. While a minister was delivering a lecture on the evil effects of gambling, to a large audience, in the hall in that town, a poker game was in full blast in the saloon underneath.

The prevailing opinion in Esmeralda county, regarding the strike in Candelaria, is that it will be settled in the near future and the mines will be opened again. A bitter feeling exists against some of the miners who were the first to hold out for \$3 50 a day, and when the mines closed down they were the first to leave town.

Orlando Jones will talk to the people of Dayton on Monday evening; Silver City, Tuesday evening; and Empire City on Wednesday evening of next week. Subject: "The Delights of Drunkenness." All should go and listen to this young man, as he is entertaining and will make you laugh.

Well; Carson has had all kinds of weather during the week; warm weather, sunny weather, fair weather, windy weather, snowy weather, sloppy weather, slippery weather, slushy weather; in fact, weather of all sorts; but we are bound to weather it, whether or no.

It is surprising, says the Inyo Independent, to see how well the stock are looking on the outside range. Beef cattle in good marketable condition; horses are doing particularly well, and are in fine condition to stand the coming hard winter.

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Sullivan to Try the Drunkennes Cure.

If reports currently circulated are true, John L. Sullivan will play his next important engagement at Dwight, Ill., in Dr. Leslie Keeley's private auditorium. Keeley will also be John's manager. The great and only John L. will each morning bare his great arm and receive his daily injection of bi chloride of gold. He will be under the same restrictions as other patients, and his disease—for it has been proved that drunkenness is a disease—it is expected, will gladly yield to the gentle influence exerted by Dr. Keeley's inspiring cure. The story is said to be well founded, as Sullivan's backer—Johnson—is alleged to have made all the arrangements for the big man's treatment.

One of the attractions of the Chicago Exhibition is to be a pyramid of 490 pianos, connected by electricity and manipulated by one woman.

The entertainment given by the ladies of the Presbyterian Church last evening was largely attended, and all pronounced it a very pleasant and enjoyable affair. The excellent lunch was very liberally patronized and a good sum was realized.

The lovers of beautiful hats go into ecstasies of delight when they behold Mrs. Knowles' display of head gear. No finer stock of millinery can be seen anywhere in the State. Her millinery parlors are crowded with customers a good part of the time.

On Christmas Eve there will be a dance at Wiggins' Hall, and a turkey supper at Mrs. Kohl's.

Eight hours constitute the working time of the railroad shops in Sacramento.

The ladies of the Episcopal Church will hold their lunch sale and doll fete at Odd Fellow's Hall on the afternoon and evening of Friday Dec. 18th. The entertainment in the evening will consist of cradle songs of many nations. An Art Loan exhibition and many other interesting features to conclude with a supper and dance. The public generally is cordially invited to inspect the beautiful linen work during the afternoon and make selections for Christmas presents. Admission to evening entertainment 50 cents.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
